Faith Formation Ministries

At-home Faith Formation Tip - *The Practice of Remembering*: The faith practice of remembering centers our attention on what God has done in our lives, deepening our assurance that God is with us here and now, and expanding our hope and anticipation for what God will yet do. Take some time this week to make a "faith timeline" to remember what God has done in your life and in the lives of people you love. (For more on faith practices from Faith Formation Ministries, visit crcna.org/FaithFormation/Practices.)

The Wycliffe Global Alliance is a community of more than 100 diverse organizations and networks serving together in Bible translation movements around the world.

Alliance organizations share a common commitment: all people should have access to God's Word in their preferred languages and formats. Hundreds of millions of people still do not have God's Word in the language they understand best. The Alliance's vision is to see individuals, communities and nations transformed through God's love and Word expressed in their languages and cultures.

There are 7,360 Languages in the World and 54 % without a single Bible verse translated.

2021

★ Congratulations! ★

Jaymie B graduated from Grade 12 at DCS this month. Her plans for the future include a medical mission with YWAM in October where she will head to New Zealand for training and then to an outreach post to work with the people. She is also accepted in the nursing program at Camosun and will attend this program in the fall of 2022. All her travel plans are of course only happening if Covid allows. Jaymie has loved her time at DCS and is really looking forward to the plans God has for her future.

Olivia J is thrilled to have graduated from Duncan Christian School. Thankful for the 13 years of Christian education that will now be used in her life going forward! Olivia will be spending time in Hudson's Hope on her cousin's ranch, learning rodeo and ranching skills. Her future goal is to attend post secondary school to earn a degree in Agriculture Business and apply it as she grows and develops her own horse training school for both students and horses.
